

# PETIT PILOTE – WALL LIGHT

**THESE FUNCTIONAL FLUSH-MOUNTED WALL LIGHTS CAN BE USED AS PILOT LIGHTS WHEREVER PERMANENT LIGHTING IS REQUIRED BUT SPACE COMES AT A PREMIUM**

With just 5 Watts of power and a height of 5 mm above plaster, these classic lamps permanently illuminate entire staircases or corridors in a discreet and aesthetically pleasing manner. The visible frame is made of 20 mm wide solid steel (material thickness: 3 mm).

## Technical specifications

Voltage	24 V DC (CV)	Colour temperature	2,700 K
Power	approx. 5 Watts	Weight	approx. 1 kg
Luminous flux / efficiency	200 lm / 40 lm/W	Dimensions (L x W x H)	approx. 131 x 131 x 53 mm

Glass colour as functional lighting: “warm white LED”: 2,700 K, > 90 Ra. Lifespan of the LED module: approx. 40,000 hours; can be replaced by an electrician.

## Control technology

The light fixture is dimmable with interface for trailing edge, 1–10 V, pushdim, remote control, or DALI. Dimmer / power supply units have to be installed externally; switches / controllers to be provided by the customer.

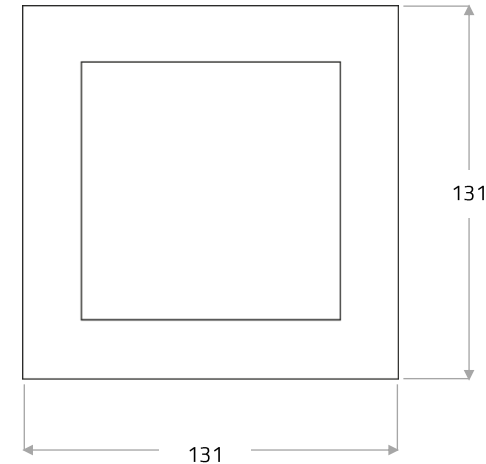

## Wall bracket

The flush-mount box available as an accessory comes with our innovative clip-in system allowing you to insert the lamp yourself in one easy step once the plaster work has been completed – one click and done!

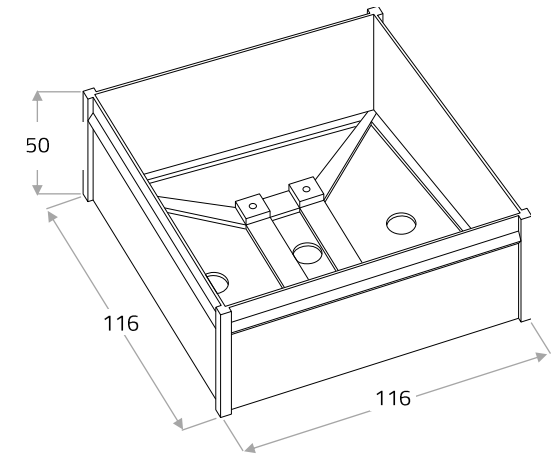

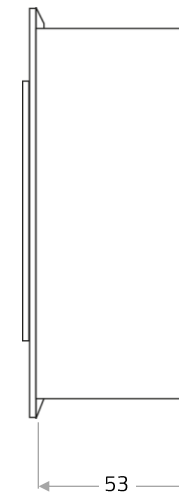

External dimensions of the flush box (structural dimension): 116 x 116 x 50 mm

## Material

Please select your preferred surface finish for the socket and wall bracket in the “Material” section on our website.
