

GRAND PAPILLON HÔTEL – WALL SCONCE WITH ALIGNABLE SPOT

WALL SCONCE WITH A SOLID GLASS BODY, BACKPLATE AND SPOT AS A READING LIGHT

The classics of the GRAND PAPILLON wall light series are a small installation in themselves on any wall. The new "HÔTEL" version has a tiny, freely orientable and powerful mini-spot for directional light on the bed as a reading light. This applique combines the classic and decorative look of the PAPILLON glass luminaires with a practical functional lighting solution. The front surface of the glass is satinised to create a homogeneous light emission.

Technical specifications wall light

Voltage	24 V DC (CV)	Colour temperature	2,350 K
Power	approx. 7 Watts	Weight	approx. 3 kg
Luminous flux / efficiency	350 lm / 50 lm/W	Dimensions (L x W x H)	approx. 238 x 130 x 78 mm

LED modules with colour temperature:

"Warm white LED": 2,350 K, > 90 Ra; Lifespan of the LED module: approx. 40,000 hours; can be replaced by electrician.

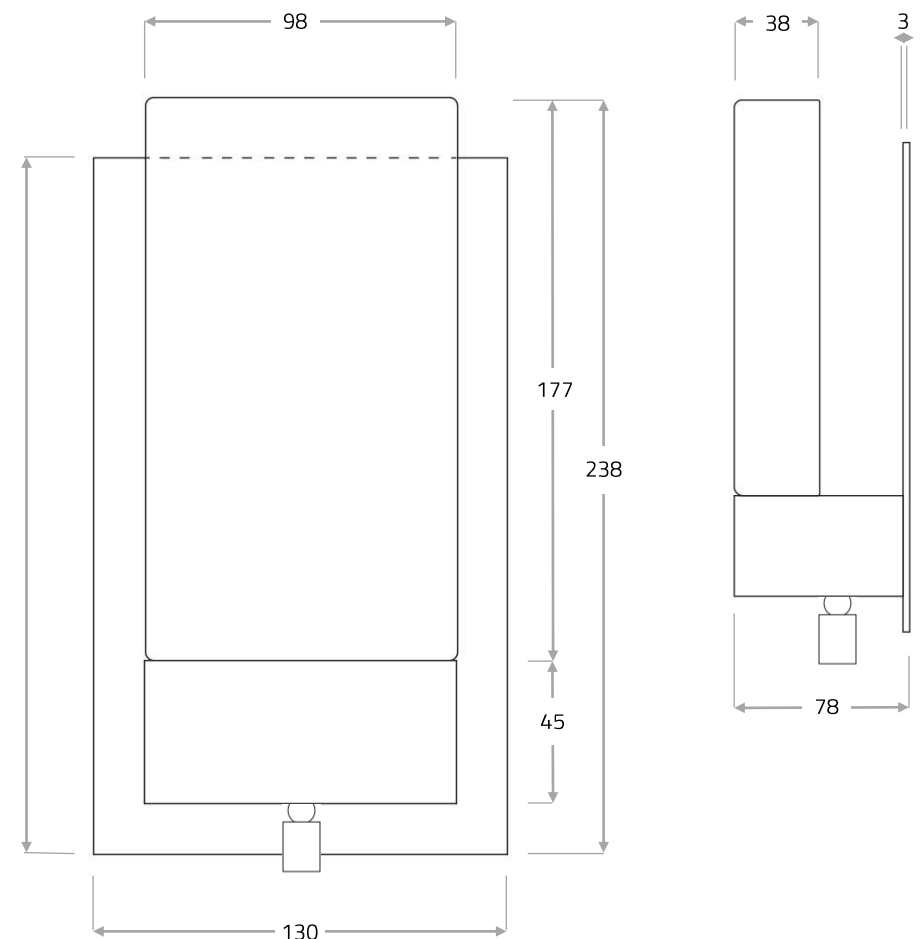

Control technology

External and dimmable power supply interface for DALI, touch button can switch, dim and tune glass, glass + spot can be switched separately. Can be supplied with power supply unit in box behind rear panel. Switch / controller to be supplied by customer.

With integrated power supply protection class IP20, with external power supply protection class is IP44.

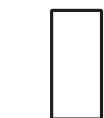

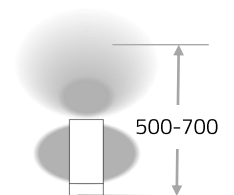

Material

Please select your preferred surface finish for the socket in the "Material" section of our website.
